

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

Erratum to ‘COVID-19 vaccine-associated subclinical axillary lymphadenopathy on screening mammogram’ [Academic Radiology Volume 29, Issue 4, April 2022, Pages 501-507]

Sean Raj, MD, Gerald Ogola, PhD, Jordan Han, MS

Baylor University Medical Center, Radiology department at BUMC (S.R., G.O., J.H.), 3500 Gaston Avenue, Dallas, 75246, Texas (S.R., G.O., J.H.); SimonMed Imaging, Statistics department at BUMC (S.R.), Scottsdale, Arizona (S.R.); Radiology department of SimonMed Imaging (J.H.), Texas A&M College of Medicine, Bryan, Texas (J.H.).

The publisher regrets there was an error presented in figure 1 which has now been corrected. The corrected figure is now available online.

The publisher would like to apologize for any inconvenience caused.
