Correction to: Feasibility and predictors of change of narrative exposure therapy for displaced populations: a repeated measures design

Rina S. Ghafoerkhan^{1,2*†}, Henriette E. van Heemstra^{1,2*†}, Willem F. Scholte^{1,3,4}, Joriene R. J. van der Kolk^{4,5}, Jackie June F. ter Heide¹, Simone M. de la Rie¹, Linda M. Verhaak¹, Evelien Snippe⁶ and Paul A. Boelen^{1,2}

Correction to: *Pilot and Feasibility Studies* 6, 69 (2020)
<https://doi.org/10.1186/s40814-020-00613-1>

Following publication of the original article [1], the authors reported an error in the following sentence:

Studies into TFT for non-refugee traumatized populations show higher effects ($d = 1.08$ – 1.40) [7], than for refugee populations ($g = .25$ – 1.01) [8].

Which will be replaced by:

There is evidence that non-refugee traumatized populations benefit more from TFT than traumatized groups with a refugee background [7, 8].

This also involves changes in reference [8].

“Turrini, G., Purgato, M., Acarturk, C., Anttila, M., Au, T., Ballette, F., ... & Hall, J. (2019). Efficacy and acceptability of psychosocial interventions in asylum seekers and refugees: systematic review and meta-analysis. *Epidemiology and psychiatric sciences*, 28(4), 376–388. doi.org/10.1017/S2045796019000027”.

should replace:

“Lambert JE, Alhassoon OM. Trauma-focused therapy for refugees: Meta-analytic findings. *Journal of counseling psychology*. 2015;62(1):28. DOI: 10.1037/cou0000048”.

The publishers apologise for this error.
