BioMed Research International has retracted the article titled “Exogenous IL-4-Expressing Bone Marrow Mesenchymal Stem Cells for the Treatment of Autoimmune Sensorineural Hearing Loss in a Guinea Pig Model” [1]. Figures 3(a) and 3(b) in this article are identical to Figures 2(a) and 2(b) in the published article by Chang-qiang Tan, Xia Gao, Wen-jun Cai, Xiao-yun Qian, Ling Lu, and He Huang, “Experimental Study of Local Inner Ear Gene Therapy for Controlling Autoimmune Sensorineural Hearing Loss,” *BioMed Research International*, vol. 2014, Article ID 134658, 10 pages, 2014. doi: 10.1155/2014/134658, but they represent different experiments.
