In our paper entitled “Whole-Body Vibration Exercise for Knee Osteoarthritis: A Systematic Review and Meta-Analysis” [1], there was an error in the journal name and the authors’ names of reference number [27] mentioned in the references list. We have now provided new corrected reference number [27]:

[27] P. R. da Costa, D. da Cunha Sá-Caputo, A. Arnóbio et al., “Whole-body vibration and benefits for people with osteoarthritis: a system review,” *International Journal of Medicine and Medical Sciences*, vol. 6, no. 9, pp. 201–210, 2014.

These corrections do not change any conclusion or findings of the paper.
