In the legend for Fig. 3B of the above-cited article, the term “splenoctyes” was inadvertently used to describe the Cd3⁺Cd4⁺ cells on which the data were obtained. The correct term is “cells isolated from pancreas infiltrate and pancreatic lymph nodes.” The authors apologize for the error.

The online version of the article (<https://doi.org/10.2337/db19-0087>) has been updated to correct the error.
