## Equation Correction

In the original article [1], there was a typographical error in the equation in Section 4.4: Statistical Analysis. The correct equation is as follows:

$$\log_2 \left( \frac{r_{ij} + \delta}{R_j} \times 10^6 \right)$$

The authors apologize for any inconvenience caused and state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
