**Correction to:** *EMBO Mol Med* (2010) 2: 516–528. DOI 10.1002/emmm.201000106 | Published online 10 December 2010

The authors of the above research article have informed the journal that an assembly error occurred in Supplementary Information Fig S10A during the final revision stage. The new Supplementary Information Fig S10A replaces panel A of the original figure with the correct image for ECFAK<sup>KO</sup> VEGF-treated aortic rings. The quan-

titative data remain as originally published, and therefore, the results and conclusions of the article remain unchanged. The authors apologize for this typographical oversight and for any inconvenience caused.

Supplementary Information Fig S10A.
