The corresponding author apologizes for listing Lynn Wong and Yun Jiao as co-authors of this manuscript. Triplicate experimental data, including fluorescence, cell density (OD) for the T7 promoter, T7 terminator, ribosome binding sites (RBS) and trans-activating RNA libraries have been uploaded to Mendeley with the DOI number (https://

doi.org/10.17632/skmnwht6dk.1). The reported results are calculated on the basis of histogram and statistical analysis of the experimental data (sample number  $N \ge 3$ ). The authors apologize for this authorship error.
