Supplementary figures

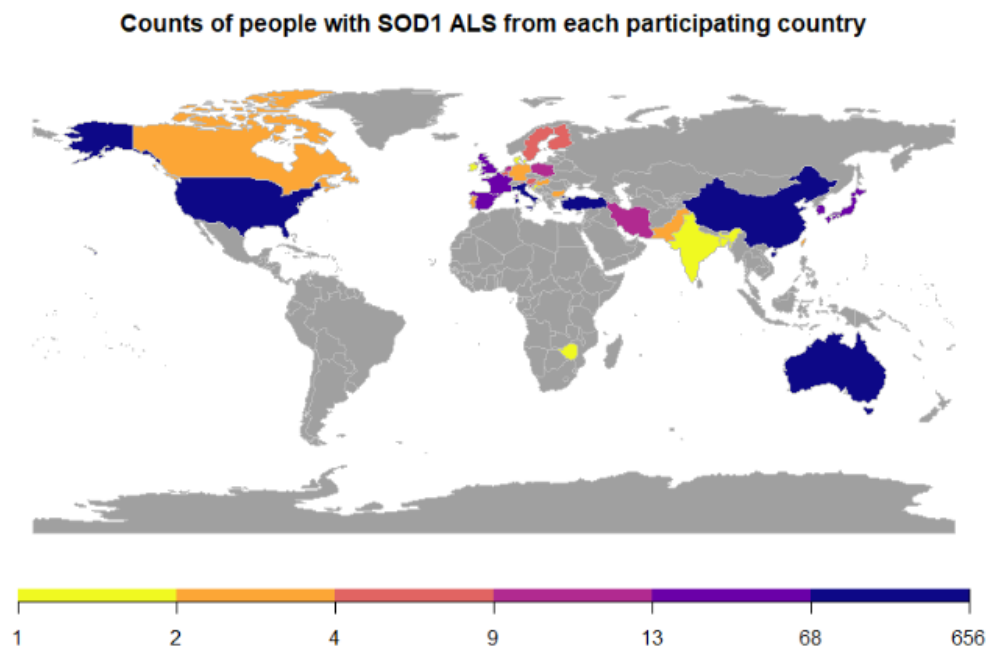

Figure S1 World map showing the 31 countries in the cleaned dataset (n=1534). The numbers of people per country in the dataset are represented by sextiles.

Figure S2 Kaplan-Meier plot showing time to onset of disease in people with different SOD1 variants compared to the STRENGTH cohort.

Figure S3 Kaplan-Meier plot showing disease duration in people with different SOD1 variants compared to the STRENGTH cohort.

Figure S4 Scatter plot of average age of onset and log average disease duration. Each dot represents a SOD1 variant.
