Correction to: *Translational Psychiatry* <https://doi.org/10.1038/s41398-025-03372-w>, published online 10 May 2025

The following sentence has been removed from the article:

'However, there was slightly stronger evidence for associations between GlycAGRS and negative affect score ($p \leq 0.015$) and between CRPGRS (cis) and negative affect score ($p \leq 0.033$).'

Additionally, the ESM file has been replaced to reflect this correction.

The original article has been corrected.
