<https://doi.org/10.1016/j.xpro.2022.101488>

(STAR Protocols 3, 101337; June 17, 2022)

In the originally published version of this protocol, sub-steps “a” through “m,” a table, and two notes were missing from step 72 in “step-by-step method details.” This was the result of a typesetting error, and Cell Press apologizes for any confusion this may have caused.
