

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

The authors regret the insertion of an incorrect publication year in one citation and the omission of a publication year in another.

First, we inserted 2018 as the publication year for the following citation when it should have been 2020:

U.S. Department of Health and Human Services. *Smoking cessation: a report of the Surgeon General*. Atlanta (GA): U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Office on Smoking and Health, 2020.

Second, we omitted inclusion of 2016 as the publication year for the following citation:

U.S. Department of Health and Human Services. *Guidelines for regulatory impact analysis, ASPE*. Office of the Assistant Secretary for Planning and Evaluation, U.S. Department of Health and Human Services, 2016. [https://aspe.hhs.gov/system/files/pdf/242926/HHS\\_RIA-Guidance.pdf](https://aspe.hhs.gov/system/files/pdf/242926/HHS_RIA-Guidance.pdf). Accessed 7/2/2020.

The authors would like to apologise for any inconvenience caused.
