# Correction: Health on the Web: Randomised Controlled Trial of Online Screening and Brief Alcohol Intervention Delivered in a Workplace Setting

Zarnie Khadjesari, Nick Freemantle, Stuart Linke, Rachael Hunter, Elizabeth Murray

In [Table 1](#) and [Table 2](#), there are errors in the data presented. Please see the corrected [Table 1](#) and [Table 2](#) here.

There is an error in the last sentence of the Primary outcome subsection of the Results. The correct sentence is: The median number of units consumed a week in both intervention and control groups at follow-up was within recommended weekly limits ( $\leq 14$  units per week for women;  $\leq 21$  units per week for men), with the exception of women in the intervention group ([Table 2](#)).
