In the original publication, the author has found 2 errors as below:

1. Methods: The text “Then, between June 9 and June 19, 2021, a second survey was emailed to the members who reported cases of gross hematuria” should read as “Then, between July 9 and July 19, 2021, a second survey was emailed to the members who reported cases of gross hematuria”.
2. Figure 1 (under second survey): The duration of the months has been inadvertently appeared as June 2 to June 20, 2021, the corrected duration is July 9 and July 19, 2021. The corrected Fig. 1 given below.
