## A Corrigendum on:

### The Ethyl Acetate Extract From *Celastrus orbiculatus* Promotes Apoptosis of Gastric Cancer Cells Through Mitochondria Regulation by PHB

by Tao, L., Yin, Z., Ni, T., Chu, Z., Hao, S., Wang, Z., Sunagawa, M., Wang, H., and Liu, Y. (2021). *Front. Pharmacol.* 12:635467. doi: 10.3389/fphar.2021.635467

In the original article, there was a mistake in **Figure 5** as published. We performed the same experiment in different cell lines and at the same time, their experimental results were consistent. Consequently, due to our negligence, we accidentally used pictures of other cell lines in the picture when drawing the picture. The BGC-823 cell line was mislabeled as the AGS cell line. The corrected **Figure 5** appears below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
