Health Domain					
Physical activity	CIW	Average monthly frequency of participation in physical activity lasting over 15 min	Stats Can, CCHS	Ottawa	✓
Fruit & vegetable consumption	PHAC	see PHAC for full indicator description	Stats Can, CCHS	Ottawa	✓
Smoking	PHAC	see PHAC for full indicator description	Stats Can, CCHS	Ottawa	✓
Drinking	PHAC	see PHAC for full indicator description	Stats Can, CCHS	Ottawa	✓
Self-rated health	CIW	% of pop. that rate their overall health as 'very good' or 'excellent'	Stats Can, CCHS	Ottawa	✓
Self-assessed mental health	PHAC/CIW	% of pop. that rate their mental health as 'very good' or 'excellent'	Stats Can, CCHS	Ottawa	✓

Table 1 (continued)

Domains	Ref	Indicator	Source ¹	Geography ^{2,3}	Racialized & Immigrant status ^{4,5}
Self-perceived stress	CIMI	% of pop. that report being 'quite a bit' or' extremely stressed	Stats Can, CCHS	Ottawa	✓
Life satisfaction	CIMI	% of pop. that report they are very satisfied with their lives	Stats Can, CCHS	Ottawa	✓
Diabetes/Chronic disease	CJW	% of pop. with self-reported diabetes/chronic disease	Stats Can, CCHS	Ottawa	✓
Obesity	PHAC	Body Mass Index	Stats Can, CCHS	Ottawa	✓
Limitations in ADL	PHAC	% of pop. that 'sometimes' or 'often' report participation and activity limitations	Stats Can, CCHS	Ottawa	✓
Disability status	NEI	% of pop. that report a disability	Stats Can, SCD	Province	✓

SSHRC Social Science Humanities Research Council; *ONS* Ottawa Neighbourhood Study; *CJW* Canadian Index of Well-being; *PHAC* Public Health Agency of Canada; *NEI* Ottawa Neighbourhood Equality Index; *CIMI* Canadian Index for Measuring Integration; *LFS* Labour Force Survey; *CCHS* Canadian Community Health Survey; *GSS* General Social Survey; *CSGVP* Canadian Survey of Giving, Volunteering and Participating; *CSD* Canadian Survey on Disability

¹ONS—Ottawa level data made available through Ottawa Community Data Consortium, Community Data Program of the Canadian Council on Social Development

²GSS—Some data may be disaggregated at the level of municipality for immigrants e.g., # of close friends, sense of belonging, discrimination

³Some data for Ottawa may be further disaggregated by neighbourhood (e.g. walk scores)

⁴CCHS—Some data is available for immigrants and racialized groups when cycles are combined (e.g. life satisfaction)

⁵Some data may be disaggregated further by immigrant status (e.g. source country, immigration status) and race (e.g., ethnic group)
