Correction

In the final publication of “An overview of the National COVID-19 Chest Imaging Database: data quality and cohort analysis” by Dominic Cushnan et al., figure 9 was erroneously duplicated in place of figure 8. Figure 8 (“comparison of sex split within (A)

the NCCID COVID-19 patients, the general UK population (as reported in the 2011 census), and COVID-19 hospital admissions (reported by ISARIC); (B) NCCID recorded deaths and NHS England COVID-19 hospital mortality data”) now appears correctly in the article.

The Publisher regrets this error.
