Galjaard,* and The Dutch NIPT consortium

(The American Journal of Human Genetics 109, 1140–1152; June 2, 2022)

In the originally published version of this article, in Table 3, the column heading “Placenta biopsies” was placed erroneously under “Available clinical follow-up” instead of under “Available cytogenetic follow-up.” The authors apologize for this error, which has been corrected online.
