Proteomic pathways to metabolic disease and type 2 diabetes in the pancreatic islet

Belinda Yau, Sheyda Naghiloo, Alexis Diaz-Vegas, Austin V. Carr, Julian Van Gerwen, Elise J. Needham, Dillon Jevon, Sing-Young Chen, Kyle L. Hoehn, Amanda E. Brandon, Laurence Macia, Gregory J. Cooney, Michael R. Shortreed, Lloyd M. Smith, Mark P. Keller, Peter Thorn, Mark Larance, David E. James, Sean J. Humphrey,* and Melkam A. Kebede*

(iScience 24, 103099; October 22, 2021)

In the originally published version of this article, the resource website created to share additional proteome data searching was no longer working. This error is now corrected in the online article with the correct link: <https://kebedelab.com/islet-proteome-resource>. The authors apologize for any confusion and inconvenience this error may have caused.
