The authors regret the error published in Introduction Section on Page 1, Line 7: “Over a million new cases are reported every year from more developed regions of the World [1], more so among young adults [4,5]”. Please note the corrected statement with respect to the above mentioned line: “Over a hundred thousand

new cases are reported every year from more developed regions of the World [1], more so among young adults [4,5]”.

The authors would like to apologise for any inconvenience caused.
