Correction to: Testosterone induces renal tubular epithelial cell death through the HIF-1 α /BNIP3 pathway

Yonghan Peng^{1†}, Ziyu Fang^{1†}, Min Liu^{1†}, Zeyu Wang¹, Ling Li¹, Shaoxiong Ming¹, Chaoyue Lu¹, Hao Dong¹, Wenhui Zhang¹, Qi Wang¹, Rong Shen¹, Fei Xie¹, Weitao Zhang², Cheng Yang^{2,3*} , Xiaofeng Gao^{1*} and Yinghao Sun^{1*}

Correction to: *J Transl Med* (2019) 17:62

<https://doi.org/10.1186/s12967-019-1821-7>

Following publication of the original article [1], the authors reported errors in Fig. 2, Fig. 4, Fig. 5 and Fig. 6:

1. The raw data of flow cytometry (Fig. 2, Fig. 4a and Fig. 6b) were disordered.
2. In Fig. 4b, a wrong image of TUNEL staining of HK-2 cells in the normal group was chosen.

3. In Fig. 5a, the blots of BCL-2 in TCMK-1 and HK-2 were duplicated by unintentional error. In addition, the authors mistakenly chose the same images in cleaved caspase-9 and cleaved caspase-3 blots in the TCMK-1 group.

The incorrect and correct figure are included in this Correction article. The original article has been updated.

The original article can be found online at <https://doi.org/10.1186/s12967-019-1821-7>.

Ready to submit your research? Choose BMC and benefit from:

- fast, convenient online submission
- thorough peer review by experienced researchers in your field
- rapid publication on acceptance
- support for research data, including large and complex data types
- gold Open Access which fosters wider collaboration and increased citations
- maximum visibility for your research: over 100M website views per year

At BMC, research is always in progress.
