

Corrigendum to “Treatments of Negative Symptoms in Schizophrenia: Meta-Analysis of 168 Randomized Placebo-Controlled Trials” by Fusar-Poli et al. *Schizophrenia Bulletin*, 2015. doi: 10.1093/schbul/sbu170.

There was an oversight on acknowledging funding from the ERC which was a contractual obligation for

the funding. A correction has been made to acknowledge that Professor Sukhi Shergill was funded by an ERC Consolidator Award.

The authors regret the error.

Corrigendum to: Normalizing the Abnormal: Do Antipsychotic Drugs Push the Cortex Into an Unsustainable Metabolic Envelope?

Federico E. Turkheimer, Pierluigi Selvaggi, Mitul A. Mehta, Mattia Veronese, Fernando Zelaya, Paola Dazzan, and Anthony C. Vernon

In the original publication of this article, the terms (FGAs) and (SGAs) in the section “Do antipsychotic Drugs Have the Potential to Induce Neurodegeneration?” were only

partially defined. This text has since been corrected. The authors regret this error.

Corrigendum to “Striatal Dopamine and Reward Prediction Error Signaling in Unmedicated Schizophrenia Patients” by Katthagen et al. *Schizophr Bull.* 2020; doi: 10.1093/schbul/sbaa055.

In the original publication of this article, figure captions for Figures 2–4 made explicit references to

color for delineation. To accommodate print, the authors have included additional language in these figure captions to allow the figures to be understood with and without color.
