After publication of this article [1], the authors reported that various author (text) corrections have been carried out in the web version, but not in the pdf, e.g.,

- Table 2 does not have appropriate indentations;
- Table 3 is hard to read due to poor formatting;
- in Table 2 and elsewhere, GLBTTQ should be LGBTQTS and Latino is to be Latino/a/x;
- in Table 2: African-American/Black should be Black/African American;
- and some minor text corrections.

The original article [1] has been updated.
