

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

## Correction

# Coronavirus RNA Proofreading: Molecular Basis and Therapeutic Targeting

Fran Robson, Khadija Shahed Khan, Thi Khanh Le, Clément Paris, Sinem Demirbag, Peter Barfuss, Palma Rocchi, and Wai-Lung Ng\*

(Molecular Cell 79, 710–727; September 3, 2020)

In this review, the authors accidentally depicted the wrong structure for sofosbuvir in Figure 2 and Table 2. The correct structure now appears with the article online in both Figure 2 and Table 2. The authors also depict the prodrug structure of NHC in the updated article. The corrected and the original versions of Figure 2 appear below. The authors apologize for the error.

Figure 2. Virus Replication Mechanism (corrected)

Figure 2. Virus Replication Mechanism (original)
