Open Access

Correction to: American Society for Enhanced Recovery (ASER) and Perioperative Quality Initiative (POQI) joint consensus statement on perioperative fluid management within an enhanced recovery pathway for colorectal surgery

Robert H. Thiele¹, Karthik Raghunathan², C. S. Brudney³, Dileep N. Lobo⁴, Daniel Martin^{5,6}, Anthony Senagore⁷, Maxime Cannesson⁸, Tong Joo Gan⁹, Michael Monty G. Mythen¹⁰, Andrew D. Shaw¹¹, Timothy E. Miller^{12*} and For the Perioperative Quality Initiative (POQI) I Workgroup

Correction

After publication of this article (Thiele et al., 2016), it was noticed that the HTML version contained errors with the collaborator group, the Perioperative Quality Initiative (POQI) I Workgroup, preventing the group members from being searchable within indexing repositories. The corrected declarations section can be found here.

Acknowledgements

POQI I conference directors (named authors on all manuscripts).

- Timothy E Miller, Department of Anesthesiology, Duke University Medical Center, NC, USA.
- Andrew D Shaw, Department of Anesthesiology, Vanderbilt University Medical Center, Nashville, TN, USA.
- Michael G Mythen, Department of Anaesthesia, University College London, London, UK.
- Tong J Gan, Department of Anesthesiology, Stony Brook University School of Medicine, NY, USA.

Group A – analgesia.

- Matthew D. McEvoy, Department of Anesthesiology, Vanderbilt University Medical Center, Nashville, TN, USA (chair).
- Michael J. Scott, Department of Anaesthesia, Royal Surrey County NHS Foundation Hospital, Surrey, UK (co-chair).
- Deborah Gordon, RN, Department of Anesthesiology and Pain Medicine, University of Washington.
- Stuart Grant, Department of Anesthesiology, Duke University Medical Center, NC, USA.
- Julie K.M. Thacker, Division of Advanced Oncologic and GI Surgery, Duke University Medical Center, NC, USA.
