Correction to: Skin cancer risk perception and sun protection behavior at work, at leisure, and on sun holidays: a survey for Danish outdoor and indoor workers

Kasper Grandahl^{1*}, Kristina Sophie Ibler², Gunnar Hellmund Laier³ and Ole Steen Mortensen^{1,4}

Correction to: *Environmental Health and Preventive Medicine* (2018) 23:47 DOI: 10.1186/s12199-018-0736-x

Following publication of the original article [1], it was highlighted that Table 3 contained an error. The *p*-value for use of long trousers and shirt with sleeves on sun holiday should not be preceded by a minus sign (-). The correct value is 231. This Correction article shows the correct Table 3. The original article has been updated.
