2022 Poultry Science 101:102198  
<https://doi.org/10.1016/j.psj.2022.102198>

The authors regret that there was an error in the Table 10 heading. The words “and toe ash concentration (g/kg, as received basis)” should have been deleted as it is not reported in the table. This has since

been updated in the online version of the article in this issue.

The authors would like to apologize for any inconvenience caused.
