JHEP Reports 2023. <https://doi.org/10.1016/j.jhepr.2023.100899>

It has come to our attention that an error occurred during the production of this manuscript. In the Methods section of the Abstract, the sentence ‘The patients with positive glycated haemoglobin were considered as having chronic HBV infection’

should read ‘The patients with positive hepatitis B surface antigen were considered as having chronic HBV infection’. This will be updated in the online version of the article. The authors and the editorial office apologize for any inconvenience caused.
