

Supplementary Material

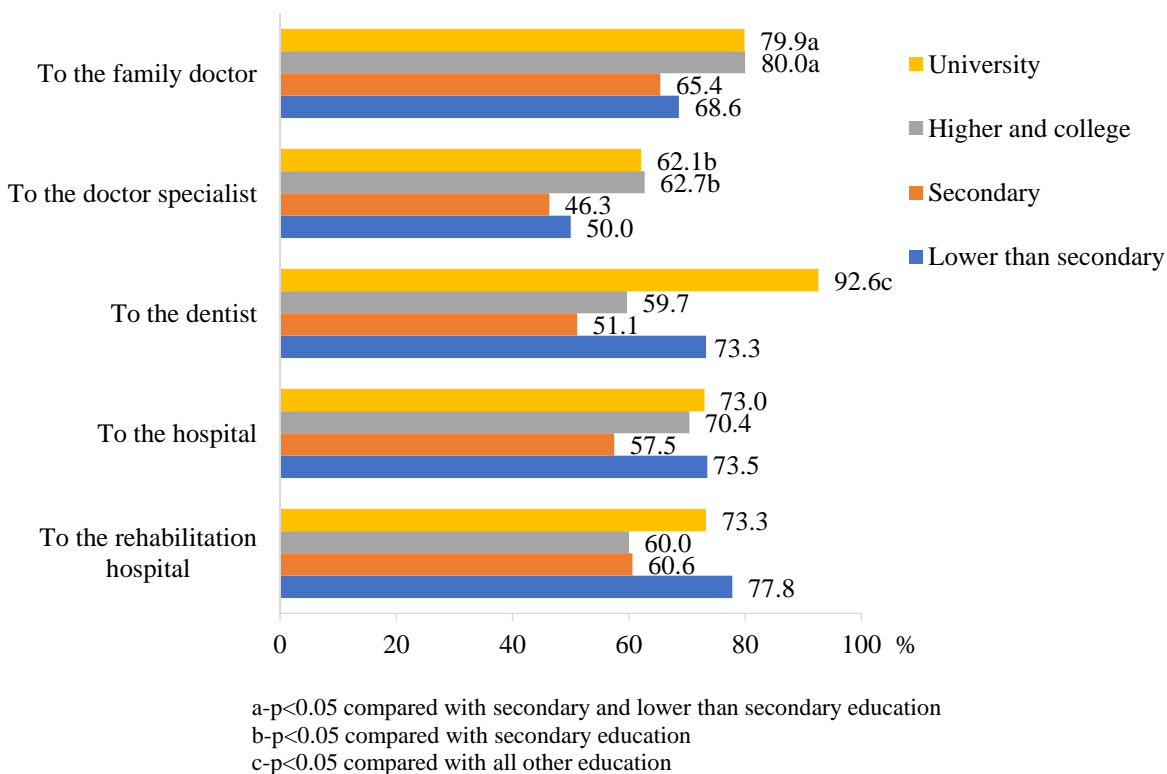

Supplementary Figure 1. Reasons for not receiving healthcare services during the COVID-19 pandemic by place of residence

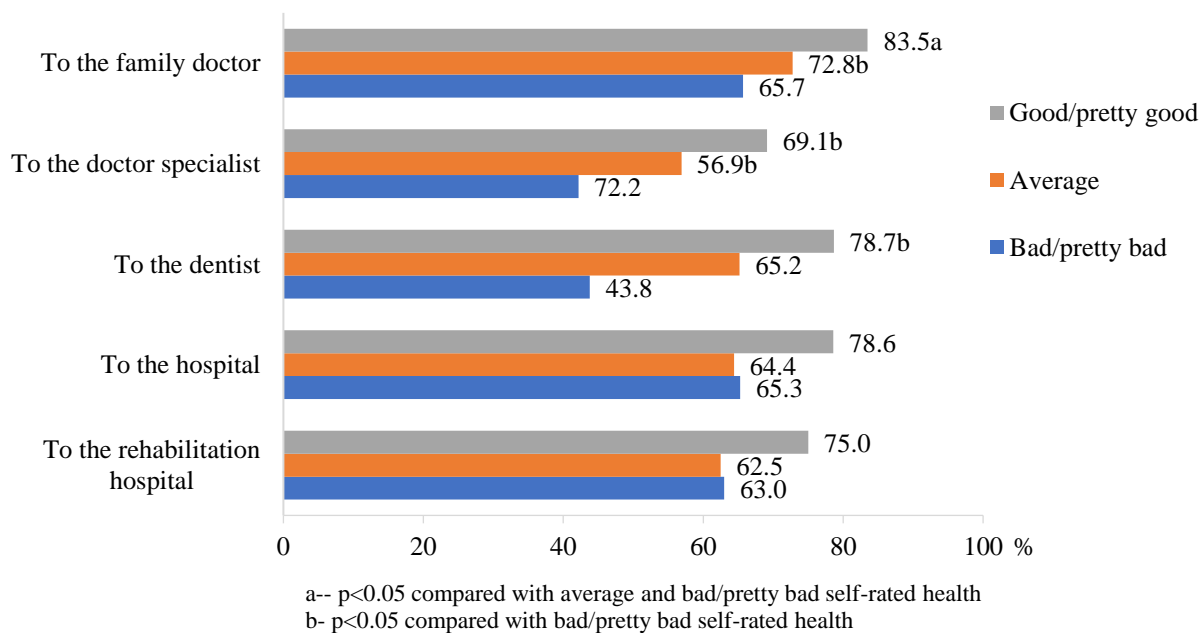

Supplementary Figure 2. Reasons for not receiving healthcare services during the COVID-19 pandemic by education

Supplementary Figure 3. Proportion of respondents satisfied with their travel time to a medical facility during the COVID-19 pandemic, by place of residence

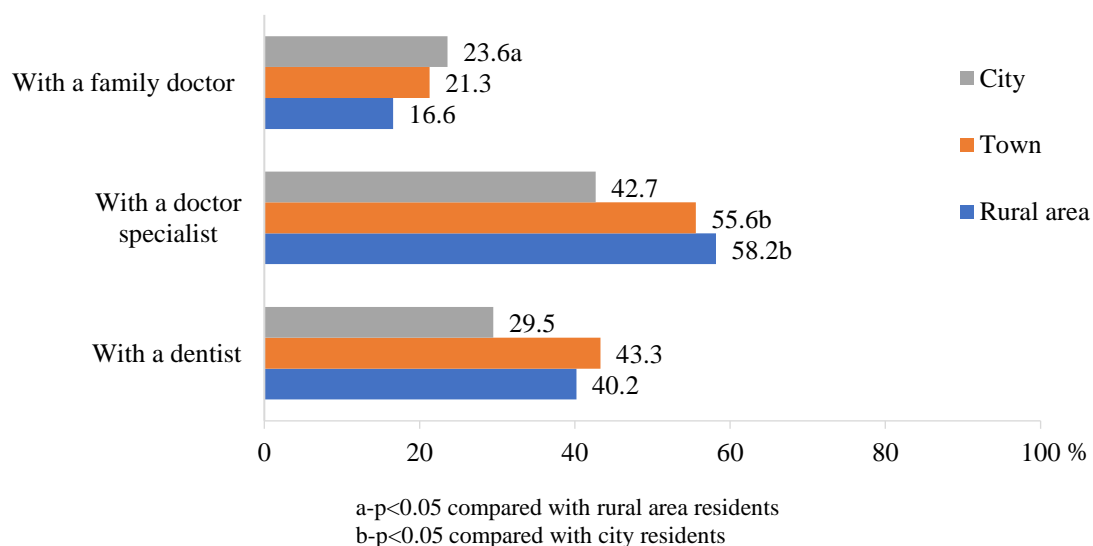

Supplementary Figure 4. Proportion of respondents satisfied with their travel time to a medical facility during the COVID-19 pandemic, by education

Supplementary Figure 5. Proportion of respondents satisfied with their travel time to a medical facility during the COVID-19 pandemic, by self-rated health

Supplementary Figure 6. Proportion of respondents who frequently experienced difficulties in getting an appointment with a doctor during the COVID-19 pandemic, by gender

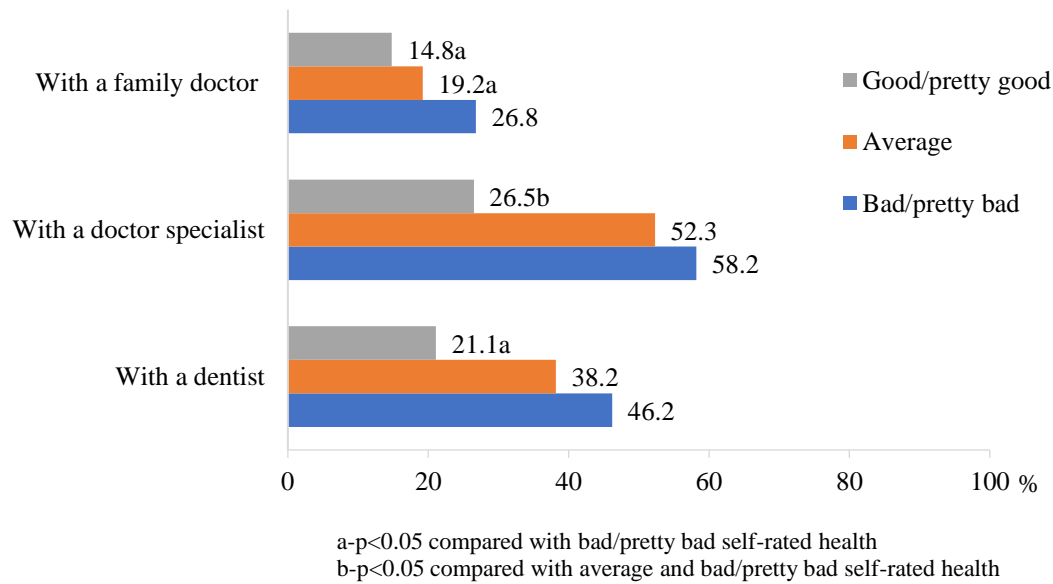

Supplementary Figure 7. Proportion of respondents who frequently experienced difficulties in getting an appointment with a doctor during the COVID-19 pandemic, by place of residence

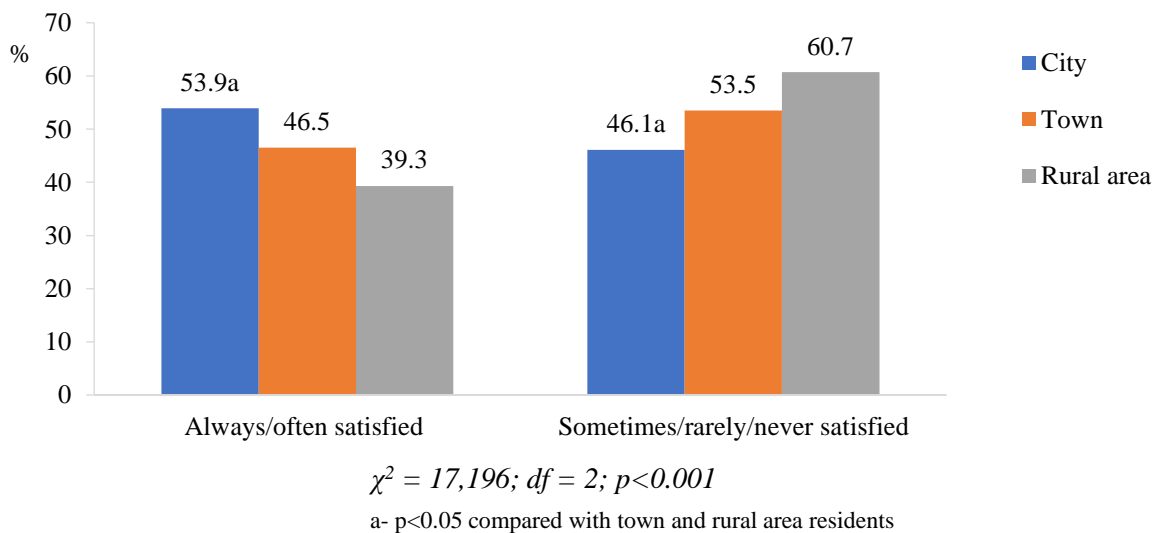

Supplementary Figure 8. Proportion of respondents who frequently experienced difficulties in getting an appointment with a doctor during the COVID-19 pandemic, by education

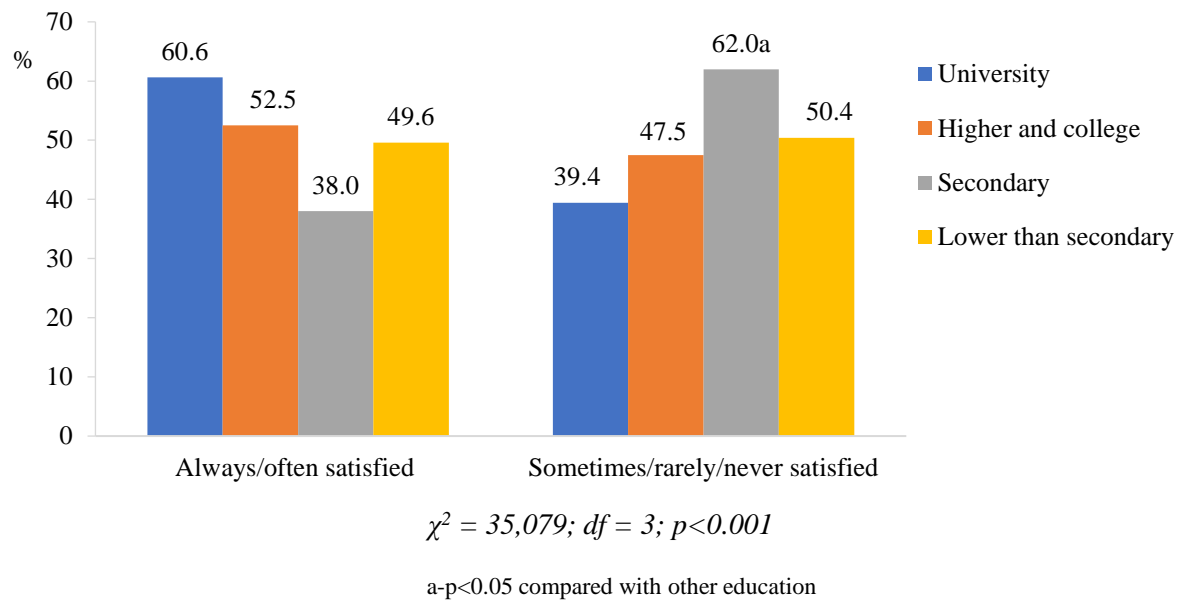

Supplementary Figure 9. Proportion of respondents who frequently experienced difficulties in getting an appointment with a doctor during the COVID-19 pandemic, by income

Supplementary Figure 10. Proportion of respondents who frequently experienced difficulties in getting an appointment with a doctor during the COVID-19 pandemic, by self-rated health

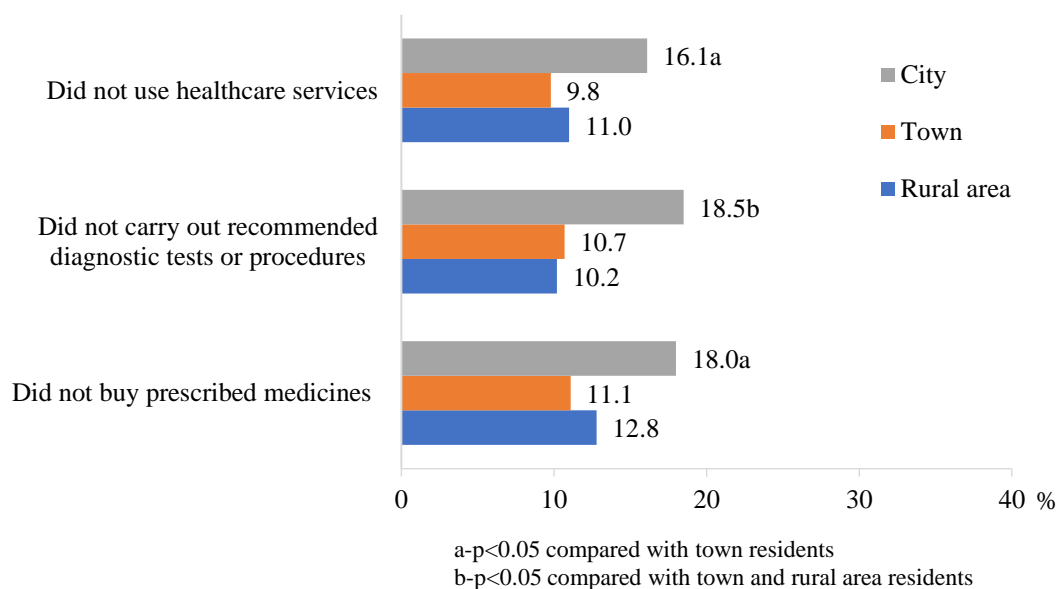

Supplementary Figure 11. Respondents' satisfaction with the waiting time from getting an appointment to the doctor's consultation during the COVID-19 pandemic, by place of residence

Supplementary Figure 12. Respondents' satisfaction with the waiting time from getting an appointment to the doctor's consultation during the COVID-19 pandemic, by education

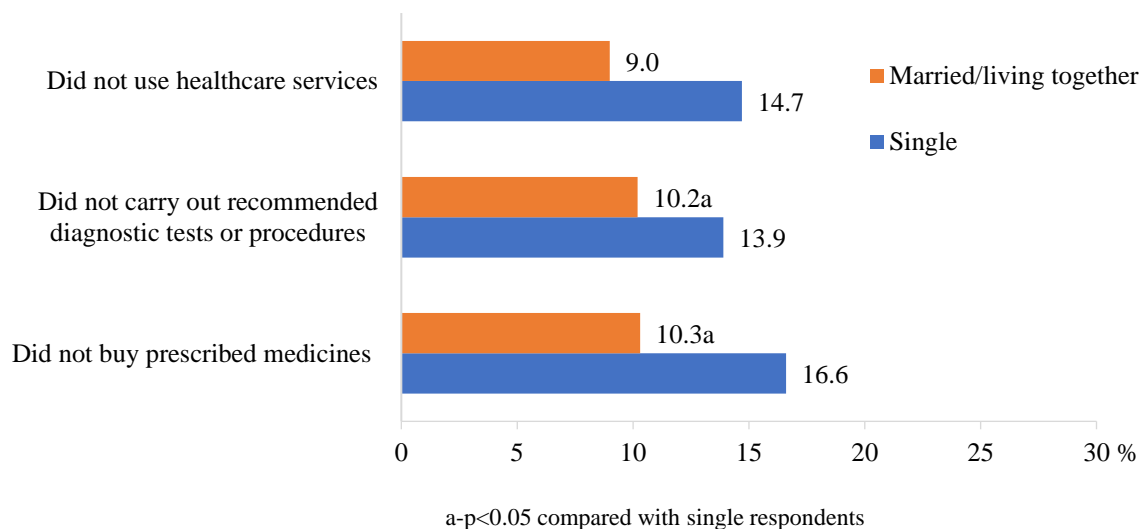

Supplementary Figure 13. Respondents' satisfaction with the waiting time from getting an appointment to the doctor's consultation during the COVID-19 pandemic, by self-rated health

Supplementary Figure 14. Proportion of respondents with unmet (often/sometimes/rarely) healthcare needs due to financial reasons during the COVID-19 pandemic, by place of residence

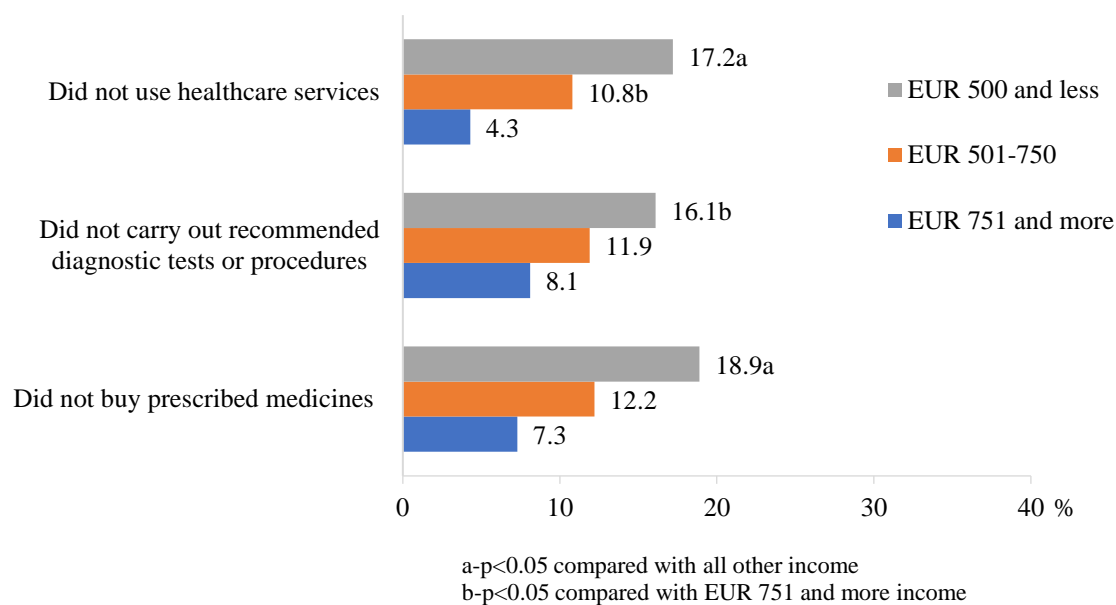

Supplementary Figure 15. Proportion of respondents with unmet (often/sometimes/rarely) healthcare needs due to financial reasons during the COVID-19 pandemic, by education

Supplementary Figure 16. Proportion of respondents with unmet (often/sometimes/rarely) healthcare needs due to financial reasons during the COVID-19 pandemic, by marital status

Supplementary Figure 17. Proportion of respondents with unmet (often/sometimes/rarely) healthcare needs due to financial reasons during the COVID-19 pandemic, by main occupation

Supplementary Figure 18. Proportion of respondents with unmet (often/sometimes/rarely) healthcare needs due to financial reasons during the COVID-19 pandemic, by income

Supplementary Figure 19. Proportion of respondents with unmet (often/sometimes/rarely) healthcare needs due to financial reasons during the COVID-19 pandemic, by self-rated health
