

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

WITHDRAWN: Biologic Therapy for Psoriasis During the COVID-19 Pandemic: A Case Series of Patients Treated in Hospital Universitario Son Espases

I. Gracia-Darder,^{*} J. Garcías-Ladaria, D. Ramos Rodríguez, J. Escalas Taberner

Departamento de Dermatología, Hospital Universitario Son Espases, Islas Baleares, Spain
