# Correction: Investigation of protein quaternary structure via stoichiometry and symmetry information

The *PLOS ONE* staff

In the title of this article, the dot is missing above the first letter in the word “information.” The correct title is: Investigation of protein quaternary structure via stoichiometry and symmetry information. The correct citation is: Korkmaz S, Duarte JM, Prlić A, Goksuluk D, Zararsiz G, Saracbaşı O, et al. (2018) Investigation of protein quaternary structure via stoichiometry and symmetry information. PLoS ONE 13(6): e0197176. <https://doi.org/10.1371/journal.pone.0197176>

The second equation contains an error. The symbol between *tf* and *idf* should be a dash, not a minus sign. Please view the correct equation here:

$$tf\text{-}idf(n, s) = tf(n, s) \times \log\left(\frac{N}{df(n)}\right) \quad (2)$$

The publisher apologizes for the errors.
