
Retracted: siRNA Mediated Silencing of NIN1/RPN12 Binding Protein 1 Homolog Inhibits Proliferation and Growth of Breast Cancer Cells

Retraction: Retracted: siRNA mediated silencing of NIN1/RPN12 binding protein 1 homolog inhibits proliferation and growth of breast cancer cells Asian Pacific Journal of Cancer Prevention has retracted the article titled “siRNA mediated silencing of NIN1/RPN12 binding protein 1 homolog inhibits proliferation and growth of breast cancer cells”(1) for reason of similarity with a series of articles identified by Byrne and Labbé (2). 1. Huang WY1, Chen DH, Ning L, Wang LW. siRNA mediated silencing of NIN1/RPN12 binding protein 1 homolog inhibits proliferation and growth of breast cancer cells. Asian Pac J Cancer Prev. 2012;13(5):1823-7. 2. J. A. Byrne and C. Labbé, “Striking similarities between publications from China describing single gene knockdown experiments in human cancer cell lines,” *Scientometrics*, vol. 110, no. 3, pp. 1471–1493, 2017. Authors did not respond to request for comment.
