

Erratum: Bulk-Fill Restorative Materials in Primary Tooth: An Intrapulpal Temperature Changes Study

In the article titled “Bulk-Fill Restorative Materials in Primary Tooth: An Intrapulpal Temperature Changes Study”, published on pages S52-S57, Supplement 1, Volume 9 of Contemporary Clinical Dentistry,^[1] the reference no. 29 is written incorrectly as “Borzabadi-Farahani A, Lynch E. Influence of thermo-light curing with dental light-curing units on the microhardness of glass-ionomer cements. Int J Periodontics Restorative Dent 2016;36:425-30.”

Thus the correct reference no. 29 is as follows:

Gavic I, Gorseta K, Borzabadi-Farahani A, Tadin A, Glavina D, van Duinen R, Lynch E. Influence of thermo-light curing with dental light-curing units on the microhardness of glass-ionomer cements. Int J Periodontics Restorative Dent 2016;36:425-30”.
