**Correction to: *BMC Public Health* 21, 1169 (2021)**  
**DOI: 10.1186/s12889-021-11248-z**

It was highlighted that in the original article [1] and specifically in the Background section the sentence “However, most interventions in playgroup settings focus on promoting one healthy behavior, such as healthy food or physical activity, and there are limited studies in these kinds of settings that target multiple health-related behavior domain together” was erroneously duplicated. The original article has been updated.
