J Public Health (Oxf) 2020; doi: [10.1093/pubmed/fdz158](https://doi.org/10.1093/pubmed/fdz158)

In the original article, a section was missed from the Funding information. This has now been added. In addition some changes have been made to the supplementary material:

- Corrections to the map of the ACE Index, including some changes to the local authority rankings and inclusion of a high-definition figure
- Corrections to the correlations shown in section 2
- Corrections to some denominators shown in sections 4 and 5

The Publisher apologizes for the errors.
