In the original article, we neglected to include the funder “Korea Health Industry Development Institute (KHIDI), Grant number: HI15C0001” in the Funding section. It should be “This work was supported by Biomedical Research Institute grant, Kyungpook National University Hospital (2018). This research was supported by a grant of the Korea Health Technology R&D Project through the Korea Health Industry Development Institute (KHIDI), funded by the Ministry of Health and Welfare, Republic of Korea (Grant number: HI15C0001).”

In the published article, there was an error in affiliation 1. Instead of “Department of Ophthalmology, School of Medicine, Kyungpook National University Hospital, Kyungpook National University, Daegu, South Korea,” it should be “Department of Ophthalmology, School of Medicine, Kyungpook National University, Kyungpook National University Hospital, Daegu, South Korea.”

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
