Open Access

Erratum to: Characterization and pathogenesis of aerosolized eastern equine encephalitis in the common marmoset (*Callithrix jacchus*)

Aimee I. Porter^{1†}, Rebecca A. Erwin-Cohen^{1*†}, Nancy Twenhafel², Taylor Chance², Steven B. Yee³, Steven J. Kern⁴, David Norwood⁵, Laurie J. Hartman⁵, Michael D. Parker¹, Pamela J. Glass¹ and Luis DaSilva³

Erratum

Upon publication of the original article [1], it was noticed that the author's correction requests for Table 2 had not been incorporated, due to an error in the systems. These corrections are listed below and have also been corrected in the original article:

- 1.) The first column in the body of the table should be labelled "Tissue"
- 2.) The second column of data should be labelled with the animal # and inhaled dose which it received: "marmoset #1 (2.4×10^1)"
- 3.) There was a misspelling of one of the tissues in the first column: "Trachbronical LN" should be "Tracheo-bronchial LN"
