The publisher regrets the article titled "Impact of satellite blood culture on early diagnosis of sepsis," [1] published on pages 56-60, Issue 1, Volume 2 in Journal of Intensive Medicine (https://www.sciencedirect.com/science/article/pii/S2667100X21000475) contains a mistake in Abstract. The sentence in the Results "median ICU lengths of stay were 18.00 days and 23.50 days" should be "median lengths of hospital stays were 18.00 days and 23.50 days".

The publisher would like to apologize for any inconvenience caused.
