

Data Sharing Statement

Reisner. Gender-Affirming Hormone Therapy and Depressive Symptoms Among Transgender Adults. *JAMA Netw Open*. Published March 17, 2025.

doi:10.1001/jamanetworkopen.2025.0955

Data

Data available: Yes

Data types: Data dictionary, Other (please specify)

Additional Information: Upon reasonable request, and with approval from all study investigators, the data dictionary will be available.

How to access data: Contact the corresponding author: Dr. Sari Reisner, ScD:

sreisner@umich.edu

When available: With publication

Supporting Documents

Document types: Statistical/analytic code

How to access documents: Contact the corresponding author: Dr. Sari Reisner, ScD:

sreisner@umich.edu

When available: With publication

Additional Information

Who can access the data: Researchers whose proposed use of the data has been approved by all study investigators, the IRB, and obtain an executed Data Use Agreement.

Types of analyses: A concept sheet proposal must be submitted to the corresponding author for review by all study investigators. Reasonable requests will be considered, as long as there is not significant overlap with planned analyses.

Mechanisms of data availability: A signed Data Use Agreement is required.
