

CORRIGENDUM

Dopaminergic therapy affects learning and impulsivity in Parkinson's disease

In Hiebert et al.,¹ the following error was published in the reference list.

Vo A, Hiebert NM, Seergobin KN, Solzc S, Partridge A, Macdonald PA. Dopaminergic therapy affects feedback-based stimulus-response learning in Parkinson's disease. *Front Hum Neurosci* 2014;**8**:784.

The reference information was incorrect and should have read:

Vo A, Hiebert NM, Seergobin KN, Solzc S, Partridge A, Macdonald PA. Dopaminergic medication impairs feedback-based stimulus-response learning but not response selection in Parkinson's disease. *Front Hum Neurosci* 2014;**8**:784.
