The Acknowledgments section is incorrectly reported. The correct Acknowledgments section should read: We want to thank Dr. Rabie Mohammed Algdag and Dr. Ahmed Bazza, Tripoli Medical Center for the contribution in collecting of data, and Prof. Michael Eddleston, Edinburgh, Scotland for his invaluable input and critical review of the manuscript. Study expenses were supported from the regular operation budgets of the MSF Kenya and Libyan missions as well as Oslo University Hospital, but had no role in the writing of the report as such.
