Correction to: *Eye*
<https://doi.org/10.1038/s41433-020-1034-6>

Since publication, the authors have noticed an error in the following sentence (in the second paragraph of the paper):

Responses were collected over a 1-week period (14/03/2020–21/03/20).

The dates incorrectly show the 3rd month rather than the 5th month. The corrected sentence now reads as:

Responses were collected over a 1-week period (14/05/2020–21/05/20).

The authors apologise for this error.
