# Erratum to: The JBEI quantitative metabolic modeling library (jQMM): a python library for modeling microbial metabolism

Garrett W. Birkel[1,2,8], Amit Ghosh[1,2,6], Vinay S. Kumar[1,2], Daniel Weaver[1,2], David Ando[1,2], Tyler W. H. Backman[1,2,8], Adam P. Arkin[1,4,5], Jay D. Keasling[1,2,3,4,7] and Héctor García Martín[1,2,8,9*]

## Erratum

Following publication of this article [1], it has come to our attention that an incomplete version of Fig. 7 was included in this article. The complete figure is shown below with the missing text included to the left of the chart.

## Author details
[1]Biological Systems and Engineering Division, Lawrence Berkeley National Laboratory, Berkeley, CA, USA. [2]Joint BioEnergy Institute, Emeryville, CA, USA. [3]Department of Chemical and Biomolecular Engineering, University of California, Berkeley, CA, USA. [4]Department of Bioengineering, University of California, Berkeley, CA, USA. [5]Environmental Genomics and Systems Biology Division, Lawrence Berkeley National Laboratory, Berkeley, CA, USA. [6]School of Energy Science and Engineering, Indian Institute of Technology (IIT), Kharagpur, India. [7]Novo Nordisk Foundation Center for Biosustainability, Technical University of Denmark, DK2970 Hørsholm, Denmark. [8]DOE Agile BioFoundry, Emeryville, CA, USA. [9]BCAM, Basque Center for Applied Mathematics, Bilbao, Spain.
