*Translational Psychiatry* (2022)12:192; <https://doi.org/10.1038/s41398-022-01964-4>Correction to: *Translational Psychiatry* <https://doi.org/10.1038/s41398-022-01861-w>, published online 08 March 2022

The original version of this article unfortunately contained a wrong label on an anatomical region. The article states that there was a statistically significant genetic influences on safety learning in midcingulate cortex in the main text and in table 1. It should be posterior cingulate cortex and not midcingulate cortex. The authors apologize for the error. The original article has been corrected.
