# Correction: CYP1B1 promotes tumorigenesis via altered expression of CDC20 and DAPK1 genes in renal cell carcinoma

Yozo Mitsui[1,2*†], Inik Chang[3,4†], Shinichiro Fukuhara[4], Miho Hiraki[1], Naoko Arichi[1], Hiroaki Yasumoto[1], Hiroshi Hirata[2], Soichiro Yamamura[2], Varahram Shahryari[2], Guoren Deng[2], Darryn K. Wong[2], Shahana Majid[2], Hiroaki Shiina[1], Rajvir Dahiya[2] and Yuichiro Tanaka[2*]

**Correction: BMC Cancer 15, 942 (2015)**
**https://doi.org/10.1186/s12885-015-1951-0**

Following publication of the original article [1], the authors identified an error in Fig. 2C.

In Fig. 2C, the wrong image representing wound healing in CYP1B1-siRNA#1-treated Caki-1 cells at 0 hours was inadvertently applied. Although the wrong image was mistakenly utilized, results are essentially the same and does not change the outcome or conclusions of the article. The correct Fig. 2C is given in this correction article.
