The authors of the above article wish to inform readers that the following was omitted after Table 1:

"The white spruce whole-genome shotgun sequence read data reported in Table 1 dataset no. 3 is available at the SRA under accession SRP041401 and Genome Annotation from the high-confidence genes are available at ftp://ftp.bcgsc.ca/supplementary/PG29_20140822/high_confidence_genes.fasta". The paper has now been corrected online.
