Validation of Standard and New Criteria for the Differential Diagnosis of Narrow QRS Tachycardia in Children and Adolescents: Erratum

In the article “Validation of Standard and New Criteria for the Differential Diagnosis of Narrow QRS Tachycardia in Children and Adolescents”,¹ which appeared in Volume 94, Issue 51 of *Medicine*, relevant funding information was originally omitted. Dr. Kukla’s name was also misspelled in the text. The article has since been corrected online.
