Correction to: *Nature Reviews Clinical Oncology* <https://doi.org/10.1038/s41571-020-00447-z>, published online 8 December 2020.

In the original version of this Evidence-Based Guidelines, Fig. 3 contained errors regarding unfavourable factors for IDH-wild-type glioblastomas, WHO grade 4. The box label originally mentioning “KPS <70 years” has been corrected to “age <70 years; KPS <70 years”. In addition, greater clarity has been provided by changing “age >70 years” in other boxes to “age ≥70 years”. Fig. 3 has been corrected in the HTML and PDF versions of the article.
