

OPEN **Publisher Correction: Two coupled chains are simpler than one: field-induced chirality in a frustrated spin ladder**

Marek Pikulski, Toni Shiroka, Francesco Casola, Arneil P. Reyes, Philip L. Kuhns, Shuang Wang, Hans-Rudolf Ott & Joël Mesot

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-020-72215-z>, published online 28 September 2020

This Article contains a typographical error in the Methods section under subheading ‘Coupling parameters and uncertainties’, where

“After fixing the exchange couplings  $(J_1, J'_2, J_2, J_\perp)$  proposed in Ref. 1, the g-tensors  $g_i$  of the two magnetic sites were obtained by fitting the results of full-spectrum exact-diagonalization calculations to the low-field magnetization data from Ref. 50,70.”

should read:

“After fixing the exchange couplings  $(J_1, J'_2, J_2, J_\perp)$  proposed in Ref. 1, the g-tensors  $g_i$  of the two magnetic sites were obtained<sup>50</sup> by fitting the results of full-spectrum exact-diagonalization calculations to the low-field magnetization data from Ref. 70.”
