Correction to: *Cell Research* <https://doi.org/10.1038/s41422-022-00646-6>, published online 29 March 2022

In the initial published version of this article, there is an error in the Supplementary information, Figs. S1a and S2a, respectively. In Supplementary information, Fig. S1a, the ordinate of size-exclusion chromatography profile was incorrectly labeled as UV289/mAU, which should be UV280/mAU. And in Supplementary information, Fig. S2a, the gel image of SDS-PAGE analysis was misused. The correct version is shown below.

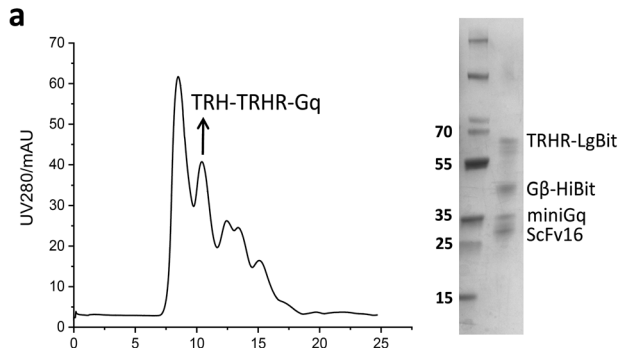

Fig. S1a Size-exclusion chromatography profile and SDS-PAGE analysis of TRHR-Gq complex bound with protirelin (TRH).

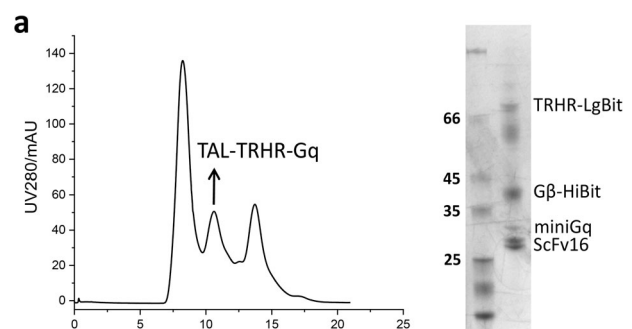

Fig. S2a Size-exclusion chromatography profile and SDS-PAGE analysis of TRHR-Gq complex bound with taltirelin (TAL).

These corrections do not affect the major findings and conclusions of this work. We deeply apologize for this oversight.
